

## ANATOMY WORDS (ENGLISH-LATIN)

**English****Latin****Arteries**

accessory obturator artery	<i>arteria obturatoria accessoria</i>
acetabular branch	<i>arteria acetabuli</i>
anterior basal segmental artery	<i>arteria segmentalis basalis anterior pulmonis (dextri et sinistri)</i>
anterior cecal artery	<i>arteria cecalis anterior</i>
anterior cerebral artery	<i>arteria cerebri anterior</i>
anterior choroidal artery	<i>arteria choroidea anterior</i>
anterior ciliary arteries	<i>arteriae ciliares anteriores</i>
anterior circumflex humeral artery	<i>arteria circumflexa humeri anterior</i>
anterior communicating artery	<i>arteria communicans anterior</i>
anterior conjunctival artery	<i>arteria conjunctivalis anterior</i>
anterior ethmoidal artery	<i>arteria ethmoidalis anterior</i>
anterior inferior cerebellar artery	<i>arteria inferior anterior cerebelli</i>
anterior interosseous artery	<i>arteria interossea anterior</i>
anterior labial branches of deep external pudendal artery	<i>arteriae labiales anteriores</i>
anterior lateral malleolar artery	<i>arteria malleolaris anterior lateralis</i>
anterior medial malleolar artery	<i>arteria malleolaris anterior medialis</i>
anterior meningeal branch (of anterior ethmoidal artery)	<i>arteria meningea anterior</i>
anterior parietal artery	<i>arteria parietalis anterior</i>
anterior perforating arteries	<i>arteriae perforantes anteriores</i>
(anterior and posterior) radicular arteries	<i>arteriae radicales (anterior et posterior)</i>
(anterior and posterior) superior pancreaticoduodenal artery	<i>arteria pancreaticoduodenalis superior (anterior et posterior)</i>
anterior spinal artery	<i>arteria spinalis anterior</i>
anterior superior alveolar arteries	<i>arteriae alveolares superiores anteriores</i>
anterior temporal branch	<i>arteria temporalis anterior</i>
anterior tibial artery	<i>arteria tibialis anterior</i>
anterior tibial recurrent artery	<i>arteria recurrens tibialis anterior</i>
anterior tympanic artery	<i>arteria tympanica anterior</i>
anterior vestibular artery	<i>arteria vestibularis anterior</i>
anterolateral central arteries	<i>arteriae centrales anterolaterales</i>
aorta	<i>arteria aorta</i>
appendicular artery	<i>arteria appendicularis</i>

**English****Latin**

arcuate arteries of kidney	<i>arteriae arcuatae renis</i>
arcuate artery (of foot) (inconstant)	<i>arteria arcuata (pedis)</i>
arteries of brain	<i>arteriae encephali</i>
arteries of lower limb	<i>arteriae membri inferioris</i>
arteries of upper limb	<i>arteriae membri superioris</i>
artery of bulb of penis	<i>arteria bulbi penis</i>
artery of bulb of vagina	<i>arteria bulbi vaginae</i>
artery of bulb of vestibule	<i>arteria bulbi vestibuli</i>
artery of caudate lobe	<i>arteria lobi caudati</i>
artery of central sulcus	<i>arteria sulci centralis</i>
artery of postcentral sulcus	<i>arteria sulci postcentralis</i>
artery of precentral sulcus	<i>arteria sulci precentralis</i>
artery of pterygoid canal	<i>arteria canalis pterygoidei</i>
artery of round ligament of uterus	<i>arteria ligamenti teretis uteri</i>
artery of tuber cinereum	<i>arteria tuberculi cinerei</i>
artery to ductus deferens	<i>arteria deferentialis</i>
artery to sciatic nerve	<i>arteria comitans nervi ischiadici</i>
artery to tail of pancreas	<i>arteria caudae pancreatis</i>
ascending artery	<i>arteria intermesenterica</i>
ascending cervical artery	<i>arteria cervicalis ascendens</i>
ascending palatine artery	<i>arteria palatina ascendens</i>
ascending pharyngeal artery	<i>arteria pharyngea ascendens</i>
atrial anastomotic branch of circumflex branch of left coronary artery	<i>arteria anastomotica auricularis magna</i>
atrial arteries	<i>arteriae atriales</i>
axillary artery	<i>arteria axillaris</i>
basilar artery	<i>arteria basilaris</i>
brachial artery	<i>arteria brachialis</i>
branch to angular gyrus	<i>arteria angularis</i>
buccal artery	<i>arteria buccalis</i>
calcarine branch of medial occipital artery	<i>arteria calcarina</i>
callosomarginal artery	<i>arteria callosomarginalis</i>
caroticotympanic arteries (of internal carotid artery)	<i>arteriae caroticotympanicae (arteriae carotidis internae)</i>
celiac (arterial) trunk	<i>arteria celiaca</i>
central retinal artery	<i>arteria retinae centralis</i>
cervicovaginal artery	<i>arteria cervicovaginalis</i>
circumflex scapular artery	<i>arteria circumflexa scapulae</i>
collicular artery	<i>arteria collicularis</i>
common carotid artery	<i>arteria carotis communis</i>

<b>English</b>	<b>Latin</b>	<b>English</b>	<b>Latin</b>
common cochlear artery	<i>arteria cochlearis communis</i>	helicine arteries of penis	<i>arteriae helicinae penis</i>
common hepatic artery	<i>arteria hepatica communis</i>	helicine arteries of the uterus	<i>arteriae helicinae uteri</i>
common iliac artery	<i>arteria iliaca communis</i>	hepatic artery proper	<i>arteria hepatica propria</i>
common interosseous artery	<i>arteria interossea communis</i>	humeral nutrient arteries	<i>arteriae nutriciae humeri</i>
common plantar digital artery	<i>arteria digitalis plantaris communis</i>	hyaloid artery	<i>arteria hyaloidea</i>
cortical radiate arteries	<i>arteriae corticales radiatae</i>	ileal arteries	<i>arteriae ileales</i>
cremasteric artery	<i>arteria cremasterica</i>	ileocolic artery	<i>arteria ileocolica</i>
cystic artery	<i>arteria cystica</i>	iliolumbar artery	<i>arteria iliolumbalis</i>
deep artery of clitoris	<i>arteria profunda clitoridis</i>	inferior alveolar artery	<i>arteria alveolaris inferior</i>
deep artery of penis	<i>arteria profunda penis</i>	inferior epigastric artery	<i>arteria epigastrica inferior</i>
deep artery of thigh	<i>arteria profunda femoris</i>	inferior gluteal artery	<i>arteria glutea inferior</i>
deep auricular artery	<i>arteria auricularis profunda</i>	inferior hypophysial artery	<i>arteria hypophysialis inferior</i>
deep cervical artery	<i>arteria cervicalis profunda</i>	inferior labial branch of facial artery	<i>arteria labialis inferior</i>
deep circumflex iliac artery	<i>arteria circumflexa iliaca profunda</i>	inferior laryngeal artery	<i>arteria laryngea inferior</i>
deep lingual artery	<i>arteria profunda linguae</i>	inferior lateral genicular artery	<i>arteria inferior lateralis genus</i>
deep plantar artery	<i>arteria plantaris profundus</i>	inferior lingular artery	<i>arteria lingularis inferior</i>
deep temporal artery	<i>arteria temporalis profunda (anterior et posterior)</i>	inferior medial genicular artery	<i>arteria genus inferior medialis</i>
descending genicular artery	<i>arteria descendens genus</i>	inferior mesenteric artery	<i>arteria mesenterica inferior</i>
descending palatine artery	<i>arteria palatina descendens</i>	inferior pancreatic artery	<i>arteria pancreatica inferior</i>
dorsal artery of clitoris	<i>arteria dorsalis clitoridis</i>	inferior pancreaticoduodenal artery	<i>arteria pancreaticoduodenalis inferior</i>
dorsal artery of penis	<i>arteria dorsalis penis</i>	inferior phrenic artery	<i>arteria phrenica inferior</i>
dorsal digital artery	<i>arteria digitalis dorsalis</i>	inferior rectal artery	<i>arteria rectalis inferior</i>
dorsal metacarpal arteries	<i>arteriae metacarpale dorsale</i>	inferior suprarenal artery	<i>arteria suprarenalis inferior</i>
dorsal metatarsal arteries	<i>arteriae metatarsale dorsale</i>	inferior thyroid artery	<i>arteria thyroidea inferior</i>
dorsal nasal artery	<i>arteria nasi externa</i>	inferior tympanic artery	<i>arteria tympanica inferior</i>
dorsal pancreatic artery	<i>arteria pancreatica dorsalis</i>	inferior ulnar collateral artery	<i>arteria collateralis ulnaris inferior</i>
dorsal scapular artery	<i>arteria scapularis dorsalis</i>	inferior vesical artery	<i>arteria vesicalis inferior</i>
dorsalis pedis artery	<i>arteria dorsalis pedis</i>	infraorbital artery	<i>arteria infraorbitalis</i>
episcleral artery	<i>arteria episcleralis</i>	insular arteries	<i>arteriae insulares</i>
external carotid artery	<i>arteria carotis externa</i>	interlobar arteries of kidney	<i>arteriae interlobares renis</i>
external iliac artery	<i>arteria iliaca externa</i>	interlobular arteries of liver	<i>arteria interlobulares (hepatis)</i>
facial artery	<i>arteria facialis</i>	internal carotid artery	<i>arteria carotis interna</i>
femoral artery	<i>arteria femoralis</i>	internal iliac artery	<i>arteria iliaca interna</i>
femoral nutrient artery	<i>arteria nutriciae femoris</i>	internal pudendal artery	<i>arteria pudenda interna</i>
fibular artery	<i>arteria fibularis</i>	internal thoracic artery	<i>arteria thoracica interna</i>
first and second posterior intercostal arteries	<i>arteriae intercostales posteriores prima et secunda</i>	intrarenal arteries	<i>arteriae intrarenales</i>
gastroduodenal artery	<i>arteria gastroduodenalis</i>	jejunal arteries	<i>arteriae jejunales</i>
gastroepiploic arteries	<i>arteriae gastroepiploicae</i>	labyrinthine artery	<i>arteria labyrinthi</i>
gastrointestinal arteries	<i>arteriae gastrointestinales</i>	lacrimal artery	<i>arteria lacrimalis</i>
great segmental medullary artery	<i>arteria radicularis magna</i>	(lateral and medial) palpebral arteries	<i>arteriae palpebrales (laterales et mediales)</i>
greater palatine artery	<i>arteria palatina major</i>		
greater pancreatic artery	<i>arteria pancreatica magna</i>		

English	Latin	English	Latin
(lateral and medial) parietal arteries	<i>arteriae parietales (laterales et mediales)</i>	mental branch (of inferior alveolar artery)	<i>arteria mentalis</i>
lateral basal segmental artery	<i>arteria segmentalis basalis lateralis pulmonis (dextri et sinistri)</i>	metatarsal artery	<i>arteria metatarsalis</i>
lateral circumflex femoral artery	<i>arteria circumflexa femoris lateralis</i>	middle cerebral artery	<i>arteria cerebri media</i>
lateral frontobasal artery	<i>arteria frontobasalis lateralis</i>	middle colic artery	<i>arteria colica media</i>
lateral malleolar branch [of fibular (peroneal) artery]	<i>arteriae malleolares posteriores laterals</i>	middle genicular artery	<i>arteria genus media</i>
lateral occipital artery	<i>arteria occipitalis lateralis</i>	middle meningeal artery	<i>arteria meningeae media</i>
lateral orbofrontal artery	<i>arteria orbofrontalis lateralis</i>	middle rectal artery	<i>arteria rectalis media</i>
lateral plantar artery	<i>arteria plantaris lateralis</i>	middle suprarenal artery	<i>arteria suprarenalis media</i>
lateral sacral arteries	<i>arteriae sacrales laterales</i>	middle temporal artery	<i>arteria temporalis media</i>
lateral tarsal artery	<i>arteria tarsalis lateralis</i>	muscular arteries (of ophthalmic artery)	<i>arteriae musculares (arteriae ophthalmicae)</i>
lateral thoracic artery	<i>arteria thoracica lateralis</i>	musculophrenic artery	<i>arteria musculophrenica</i>
left colic artery	<i>arteria colica sinistra</i>	nutrient artery of radius	<i>arteria radii nutricia</i>
left coronary artery	<i>arteria coronaria sinistra</i>	nutrient artery of ulna	<i>arteria nutricia ulnae</i>
left gastric artery	<i>arteria gastrica sinistra</i>	nutrient artery	<i>arteria nutricia</i>
left gastrointestinal artery	<i>arteria gastrointestinalis sinistra</i>	obturator artery	<i>arteria obturatoria</i>
left pulmonary artery	<i>arteria pulmonalis sinistra</i>	occipital artery	<i>arteria occipitalis</i>
lesser palatine arteries	<i>arteriae palatinae minores</i>	ophthalmic artery	<i>arteria ophthalmica</i>
lingual artery	<i>arteria lingualis</i>	ovarian artery	<i>arteria ovarica</i>
long posterior ciliary arteries	<i>arteriae ciliares posteriores longae</i>	palmar metacarpal arteries	<i>arteriae metacarpale palmare</i>
lowest lumbar arteries	<i>arteriae lumbales imae</i>	paracentral branches (of pericallosal artery)	<i>arteria paracentralis</i>
lumbar arteries	<i>arteriae lumbales</i>	parieto-occipital branches of pericallosal artery	<i>arteriae parieto-occipitales</i>
mammillary arteries	<i>arteriae mammillares</i>	perforating arteries (of deep femoral artery)	<i>arteriae perforantes arteriae</i>
marginal artery of colon	<i>arteria marginalis coli</i>	perforating arteries of penis	<i>arteriae perforantes penis</i>
masseteric artery	<i>arteria masseterica</i>	perforating radiate arteries (of kidney)	<i>arteriae perforantes radiatae (renis)</i>
maxillary artery	<i>arteria maxillaris</i>	pericallosal artery	<i>arteria pericallosa</i>
medial basal segmental artery	<i>arteria segmentalis basalis medialis pulmonis (dextri et sinistri)</i>	pericardiacophrenic artery	<i>arteria pericardiacophrenica</i>
medial circumflex femoral artery	<i>arteria circumflexa femoris medialis</i>	perineal artery	<i>arteria perinealis</i>
medial collateral artery	<i>arteria collateralis media</i>	plantar metatarsal arteries	<i>arteriae metatarsale plantare</i>
medial frontobasal artery	<i>arteria frontobasalis medialis</i>	polar frontal artery	<i>arteria polaris frontalis</i>
medial malleolar branches (of posterior tibial artery)	<i>arteriae malleolares posteriors mediales</i>	polar temporal artery	<i>arteria polaris temporalis</i>
medial occipital artery	<i>arteria occipitalis medialis</i>	pontine arteries	<i>arteriae pontis</i>
medial plantar artery	<i>arteria plantaris medialis</i>	popliteal artery	<i>arteria poplitea</i>
medial striate artery	<i>arteria striata medialis distalis</i>	posterior auricular artery	<i>arteria auricularis posterior</i>
medial tarsal arteries	<i>arteria tarsalis medialis</i>	posterior cecal artery	<i>arteria cecalis posterior</i>
median artery	<i>arteria comitans nervi mediani</i>	posterior cerebral artery	<i>arteria cerebri posterior</i>
median callosal artery	<i>arteria callosa mediana</i>	posterior choroidal artery	<i>arteria choroidea posterior</i>
median commissural artery	<i>arteria commissuralis mediana</i>	posterior circumflex humerohumeral artery	<i>arteria circumflexa humerohumeral artery</i>
median sacral artery	<i>arteria sacralis mediana</i>	posterior communicating artery	<i>arteria communicans posterior</i>
		posterior conjunctival artery	<i>arteria conjunctivalis posterior</i>

English	Latin	English	Latin
posterior ethmoidal artery	<i>arteria ethmoidalis posterior</i>	right flexural artery	<i>arteria flexurae dextrae</i>
posterior gastric artery	<i>arteria gastrica posterior</i>	right gastric artery	<i>arteria gastrica dextra</i>
posterior inferior cerebellar artery	<i>arteria inferior posterior cerebelli</i>	right gastromental artery	<i>arteria gastromentalis dextra</i>
posterior intercostal arteries 3–11	<i>arteriae intercostales posteriores III–XI</i>	right pulmonary artery	<i>arteria pulmonalis dextra</i>
posterior interosseous artery	<i>arteria interossea posterior</i>	segmental arteries of kidney	<i>arteriae renis</i>
posterior lateral nasal arteries	<i>arteriae nasales posteriores laterales</i>	segmental arteries of liver	<i>arteriae segmenti hepaticae</i>
posterior meningeal artery	<i>arteria meningeae posterior</i>	segmental medullary arteries	<i>arteriae medullares segmentales</i>
posterior parietal artery	<i>arteria parietalis posterior</i>	short circumferential arteries	<i>arteriae circumferentiales breves</i>
posterior septal branch of nose	<i>arteria nasalis posterior septi</i>	short gastric arteries	<i>arteriae gastricae breves</i>
posterior spinal artery	<i>arteria spinalis posterior</i>	short posterior ciliary artery	<i>arteria ciliaris posterior brevis</i>
posterior superior alveolar artery	<i>arteria alveolaris superior posterior</i>	sigmoid arteries	<i>arteriae sigmoideae</i>
posterior temporal branch of middle cerebral artery	<i>arteria temporalis posterior</i>	sphenopalatine artery	<i>arteria sphenopalatina</i>
posterior tibial artery	<i>arteria tibialis posterior</i>	splenic artery	<i>arteria splenica</i>
posterior tibial recurrent artery	<i>arteria recurrens tibialis posterior</i>	stylomastoid artery	<i>arteria stylomastoidea</i>
posterior tympanic artery	<i>arteria tympanica posterior</i>	subclavian artery	<i>arteria subclavia</i>
posterolateral central arteries	<i>arteriae centrales posterolaterales</i>	subcostal artery	<i>arteria subcostalis</i>
posteromedial central arteries	<i>arteriae centrales posteriomediales</i>	sublingual artery	<i>arteria sublingualis</i>
precuneal branches of anterior pericallosal artery	<i>arteria precunealis</i>	submental artery	<i>arteria submentalis</i>
prepancreatic artery	<i>arteria prepancreatica</i>	subscapular artery	<i>arteria subscapularis</i>
princeps pollicis artery	<i>(arteria) princeps pollicis</i>	superficial brachial artery	<i>arteria brachialis superficialis</i>
profunda brachii artery	<i>arteria profunda brachii</i>	superficial cervical artery	<i>arteria cervicalis superficialis</i>
proper cochlear artery	<i>arteria cochlearis propria</i>	superficial circumflex iliac artery	<i>arteria circumflexa iliaca superficialis</i>
proper palmar digital arteries	<i>arteriae digitales palmares propriae</i>	(superficial and deep) external pudendal arteries	<i>arteriae pudendae externae (superficiales et profundae)</i>
proximal medial striate arteries	<i>arteria centralis brevis</i>	superficial epigastric artery	<i>arteria epigastrica superior</i>
pterygomeningeal artery	<i>arteria pterygomeningealis</i>	superficial temporal artery	<i>arteria temporalis superficialis</i>
pulmonary trunk	<i>arteria pulmonalis</i>	superior cerebellar artery	<i>arteria superior cerebelli</i>
radial artery	<i>arteria radialis</i>	superior epigastric artery	<i>arteria epigastrica superficialis</i>
radial collateral artery	<i>arteria collateralis radialis</i>	superior gluteal artery	<i>arteria glutea superior</i>
radial recurrent artery	<i>arteria recurrens radialis</i>	superior hypophysial artery	<i>arteria hypophysialis superior</i>
radialis indicis artery	<i>arteria radialis indicis</i>	superior labial branch of facial artery	<i>arteria labialis superior</i>
recurrent interosseous artery	<i>arteria interossea recurrens</i>	superior laryngeal artery	<i>arteria laryngea superior</i>
renal artery	<i>arteria renalis</i>	superior lateral genicular artery	<i>arteria superior lateralis genus</i>
retroduodenal artery	<i>arteria retroduodenalis</i>	superior lingular artery	<i>arteria lingularis superior</i>
right colic artery	<i>arteria colica dextra</i>	superior medial genicular artery	<i>arteria superior medialis genus</i>
right coronary artery	<i>arteria coronaria dextra</i>	superior mesenteric artery	<i>arteria mesenterica superior</i>
		superior phrenic arteries	<i>arteriae phrenicae superiores</i>
		superior rectal artery	<i>arteria rectalis superior</i>
		superior suprarenal arteries	<i>arteriae suprarenales superiores</i>
		superior thoracic artery	<i>arteria thoracica superior</i>
		superior thyroid artery	<i>arteria thyroidea superior</i>
		superior tympanic artery	<i>arteria tympanica superior</i>

**English**

superior ulnar collateral artery  
 superior vesical arteries  
 suprachiasmatic artery  
 supraduodenal artery  
 supraoptic artery  
 supraorbital artery  
 suprascapular artery  
 supratrochlear artery  
 supreme intercostal artery  
 sural arteries  
 testicular artery  
 thoracoacromial artery  
 thoracodorsal artery  
 thyroid ima artery

**Bones**
